VOLUME LIII — UKIAH CITY, MENDOCINO COUNTY, CAL., FRIDAY, MARCH 18, 1921 — NUMBER 24

SUPERVISORS' PROCEEDINGS

The board of supervisors met in regular monthly session last Monday afternoon, all members being present. The matter of the proposed irrigation district in Potter valley was the most important question to come before the board. A number of citizens of the valley had filed a petition asking that the board call an election to vote on the question of establishing an irrigation district, to embrace the entire valley. Considerable oppositoin arose and a counter petition was filed by the opposing ranchers, who do not wish the district established. After hearing the pros ond cons of the question last Tuesday, the supervisors have allowed the petition for an election and the date has been set for April 26th.

It will take a majority vote to establish the district.

Following that, if the district is established, another election must be held to vote bonds to provide the money for building the ditches and for the distributing system.

The proposition is sponsored by the farm bureau and the state university. The opposition is composed of those residents of the valley who do not believe the returns will justify the expense in the way of increased taxation to pay off the bonds.

A hot fight is in prospect.

The board appointed C. M. Mannon and Hale McCowen, Jr., as trustees of the law library.

Deeds for rights of way to the county by the following were accepted: J. S. Rohrbough, Dave and G. F. Johnson, Round Valley Land Co., of Covelo, and the Lttle Lake Land Co. of Willits.

The sale was confirmed of a three horsepower electric motor to A. J. Seward, of Hopland for $102.

A new pound district to be composed of Little Lake precincts one, two and three, outside the town of Willits was established, and Robert Corbett was appointed poundmaster thereof.

It was ordered that the wall in the district attorney's office be removed at an estimated cost not to exceed $500. Supervisor E. M. Ford was appointed to manage the sale of the bricks belonging to the county.

The viewers' report of the proposed road to the Van Zandt place in Anderson valley was received and the hearing set for April 12, at 11 o'clock.

A resolution was passed to the effect that whereas, F. M. Todd is giving a good and sufficient automobile service between Ukiah and Willits, the recommendation be made to the state railroad commission that no other line be permitted to be established on that run.

Plans and specifications for the bridge on the Rockport-Leggett valley road were accepted.

It was ordered that the ordinance regarding wild cat bounties be amended so that the applicant for bounty be required to produce the green hide and one front foot attached, the foot to be cut off by the magistrate before whom the both is taken.

Johanna Silva was allowed $20 per month as county aid, beginning March 1.

The state allowance of Carl Neckritz, of Albion, was ordered discontinued from March 1.

Census Figures Given Out On California Population

The 1920 census figures for California and with them, of course, those for Mendocino county, are at hand this week. We publish Mendocino county statistics herewith. Those who take an interest in such matters are advised to cut this out and put it somewhere where it may be referred to, as these figures will not appear again.

Prefacing the statistical report, the census bureau circular says:

California, originally a part of Mexico, revolted against that country in 1846, and was under military and provisional rule by the United States from 1846 to 1849, the Mexican government having formally relinquished its claims in February, 1848, at the close of the Mexican War. In September, 1850, California was admitted to the Union as the thirty-first state. According to the Fourteenth Census, taken as of January 1, 1920, its population is 3,426,861, which represents an increase of 1,049,312, or 44.1 per cent, since 1910. During the same period the population of the United States increased by 14.9 per cent.

The following summary shows the population of the state from 1850 to 1920, inclusive, together with the number and per cent of increase for each decade, in comparison with the per cent of increase for the United States as a whole:

POPULATION OF CALIFORNIA: 1850 to 1920.

California has 58 counties, of which 44 show increases and 14 decreases as compared with 1910. Annexations of territory from one county to another since 1910 have resulted in changes in the boundaries of Butte, Eldorado, Glenn, Kern, Lake, Los Angeles, Mendocino, Placer, Riverside, San Bernardino, Sonoma, and Ventura counties.

California has 158 cities, of which Los Angeles, with a population of 576,673, is the largest. San Francisco, with 506,676, and Oakland, with 216,261, are the only other cities having more than 100,000 inhabitants.

GRAPE GROWERS ADDRESSED BY OFFICIALS OF EXCHANGE

The grape growers of Ukiah and vicinity were addressed last Friday afternoon at the city auditorium by R. M. Sheehan, president of the California Grape Growers' Exchange, and H. F. Stoll, its secretary. The meeting was held as part of a campaign for new members, similar meetings being scheduled for all parts of the state in the near future. Several new members were won for the association as a result of the meeting here.

Both speakers emphasized the importance of cooperative marketing, declaring that it brings remarkable results to producers, stabilizes prices, and saves losses to growers. Members were urged to use their influence to induce others to join the Exchange. There are already more than 500 members, it is hoped that the membership can be doubled within the next few months.

HOP MARKET FIRM WITH RISING PRICE TENDENCY

Following the publication of the new ruling by the United States attorney general last week to the effect that wine and beer may be had on a physician's prescription for non-beverage purposes, the hop market has strengthened a great deal. Offers of 18c have been made and refused and the growers are assured that they can get 20c should they be disposed to accept that offer. They are holding firm for the most part, however, although Clarence Cox is reported to have sold his lot of 220 bales at 15½ cents last Saturday, just before the report came that the market was strengthening.

The growers say that 20c is under the cost of production and they intend to hold on for awhile yet and take a chance on getting a fair price or losing all.

MINSTREL SHOW DATE SET FOR APRIL 18TH

The Merry Minstrels who will entertain the public of the valley at the Victory theatre on the night of April 18th, have been rehearsing, and working hard to perfect their organization to make their show one long to be remembered. A meeting was held at the Firemens' hall last Monday night, under the direction of Mrs. E. B. Gibson, who is working with the committee to make this show a big success. While it seems impossible to get the names of the minstrels,, rumor has it, that the cast is completed, and many surprises will be held on opening night. Much interest is being manifested, and from present reports, an extra performance will be presented to take care of all the people who anticipate witnessing the show. Sale places for tickets will be announced at a later date.

Here's War Story; Outdoes Fiction

Here's a war romance that outdoes the best that we see pictured in fildom, and it's true. It concerns Grover Ogle, son of Ed Ogle, of Humboldt county. The young man is a nephew of Mrs. Louis Charlton, of this city, and is well known here.

He is to start home from France March 31 from the world war, and he has had enough adventure and mishap and romance since the beginning of that great conflict, to fill a volume or two, says the Cloverdale Enterprise.

When the news came that Germany was despoiling Belgium, Grover Ogle left for Canada, and enlisted in a Canadian regiment. He went to Europe, drilled, fought, did sentry duty, went "Over the Top" with his comrades, carried on, and led the life of the average soldier boy.

And then one day about three years ago, in that darkest hour of the war a while before the dawn, a shell landed in his immediate vicinity, and exploded. And when they picked up what was left of him, they took him to the hospital, minus both legs and his good right arm.

But did he give up and croak. Not a bit. He faced hospital duty with the same unflinching courage that he had faced the other duties of war. It took him three years to recover, but now he is coming home. And he is not coming alone, for he has married his nurse.

Can you beat that for romance in real life?

The case arose over the ranging of Simmerly's cattle on the ranch of the Montezuma Improvement Co. The company is asking damage for the pasture consumed as well as for alleged depreciation in the rental value of the range on account of the alleged trespass of Simmerly's cattle.

Mrs. Ralph Byrnes Killed; Son Is Seriously Injured

Mrs. Ralph Byrnes, wife of Sheriff Byrnes of this county, was fatally injured last Wednesday evening as the result of an automobile accident which occurred at a bridge a short distance south of Healdsburg. Her little son, Bobby, received injuries from which his chances for recovery are about even, and Sheriff Byrnes was badly cut and bruised. The little boy is in a Healdsburg hospital, where everything possible is being done for him. At last reports yesterday evening he was holding his own in the grim fight with death. Sheriff Byrnes is suffering severely from the nervous shock induced by his wife's death, which occurred at midnight Wednesday night, about five hours after her removal to the hospital.

Sheriff Byrnes and wife, their son, and Mrs. Hugh Preston, wife of Judge Preston of Ukiah, were on their way home after a motor trip to Los Angeles. Mrs. Preston left the party at Santa Rosa, where she joined her husband, who is holding court in Santa Rosa.

The sheriff and his wife and son, had decided to complete their return home. The accident happened about 7:30 in the evening as they were nearing Healdsburg.

Just south of the big bridge across Russian river there is a bridge across a dry slough. The approach to this is on a very sharp turn. An automobile party traveling a short distance in the rear of the Byrnes car state that the sheriff instead of turning his car far enough to negotiate the turn, swerved just enough to put the automobile through the guard rail on the bridge. The car shot through the air and landed bottom side up in the river bed, pinning the three underneath, and bursting into flames. The car in the rear stopped immediately and several men in it rushed down to the river bed. Luckily they had a fire extinguisher on the car, with which they put out the fire, and they then raised the overturned car and released the party, rushing them to a Healdsburg hospital. Nothing could be done for Mrs. Byrnes who retained her consciousness until death ended her sufferings. Her death was due to horrible internal injuries which produced an internal hemorrhage.

The first news of the affair did not become generally known here until an early hour yesterday morning, when J. L. Davis, W. B. Hagans and several other close friends left in Mr. Davis' car for the scene of the accident to aid in sustaining the sorrow-stricken sheriff through the ordeal attendant on the coroner's inquest, which was held yesterday afternoon.

Ukiah has been thrown into a heavy depression on account of the tragedy, and many expressions of heartfelt sympathy are heard on every hand. The sorrow that is felt here has spread all over the county and a multitude of telephone calls are coming in from the coast and other remote places, where the sad news was slow to circulate.

One and all express their sympathy and hope for the recovery of little Bobby, who is almost as well known as his father.

Mrs. Byrnes was formerly Miss Alieen Gorman, of Mendocino. She leaves besides her husband and son, Cletis Brown, who is a son by a former marriage, a mother, Mrs. Kate Gorman, of Mendocino, and two brothers, Allen and Phil Gorman.

The funeral will be held here tomorrow.

Upper Lake Team Plays Here Tomorrow

The baseball teams of the Upper Lake and Ukiah high schools cross bats on the local high school diamond tomorrow (Saturday). Upper Lake will be strengthened by some outside players, and are said to have a strong team. Ukiah's strength is evidenced by its 2-1 victory over Willits last Saturday. Anker or Davidson will pitch for Ukiah, and a close game is expected.

H. T. Winters, of Nashmead, came down to Ukiah last Sunday.

N. C. Terwilliger, of Laytonville, was among prominent county seat visitors last Sunday.

NOMINATIONS IN ORDER FOR HIGH SCHOOL TRUSTEES

The elections for trustees will be held on Friday, March 25. As regards the high school board, there will be two vacancies, Hale McCowen, Jr., and J. G. Newman having completed their terms. Mr. McCowen will not again be a candidate, although Mr. Newman may. Those who desire to run should send their names to Wm. Bromley before the 20th, provided they want their names to go on the ballot. Otherwise they will be compelled to resort to a write-in campaign.

For grammar school trustee there will be one to elect, according to report current last night, the incumbent, J. C. Hurley, and Mrs. Orval Tadlock being candidates. A rumor that Hale Prather and Chas. Thomas would resign, thus making two more vacancies was denied.

The elections will be held next Friday.

ROY MEAD NOT DEAD, BUT VERY MUCH ALIVE

It was reported several times this week that Roy Mead, who was stricken with the flu several weeks ago, had passed away. Judge of the surprise of his acquaintances, therefore, when he appeared on the streets Wednesday, somewhat the worse for wear, it is true, but too lively for a corpse. He has recovered and been discharged from the hospital, and, like Mark Twain, states that the reports of his death were greatly exaggerated.

Mrs. Jessie Redwine, who was reported seriously ill the latter part of last week on account of an attack of heart trouble, was much improved the first of the week.

ALL YEAR FISHING IN COAST STREAMS

SACRAMENTO, March 10—Here's joyous news for the Isaac Waltons for the northern section of the state of California is to have a winter trout fishing season.

J. A. Pettis of Fort Bragg, announced today he had completed arrangements with the State Fish and Game Commission for a new trout season in the wooded streams of the fourth and fifth supervisorial districts of Mendocino county. The season runs now from April 1 to November 15.

Pettis plans to have it extended from July 1 of this year to March 1 of 1922. He says that this is not only the proper method of fish conservation, but that it will also contribute to the sport of the fishermen. The trout are largest through October, November and the early months of the year. In summer they run to only a few inches and sometimes the fisherman halls 200 or 300 young fish out of the stream before he has 50 or 60 of suitable character. When the small fish are thrown back into the stream they die.

Raymond Edwards and family returned the latter part of last week to their home in Potter valley.

Sam Wattenburg was in town from Cold Creek the first of the week.

Judge Preston returned the latter part of last week after holding court in Sonoma county for several days.

H. B. Muir came down from Willits on a short business trip the first of the week.

Grover King, a prominent rancher of Potter valley, was in town last Tuesday.

H. H. Beard, a prominent rancher of Dos Rios, was down to Ukiah the early part of the week on witness duty.

Luther Redemeyer, well known rancher of Long valley, was in town on business the first of the week.

IMPROVEMENTS FOR HOPLAND

Seward and Tolman, who several months ago sarted the Corner Garage at Hopland, have finished overhauling and remodeling the property and have painted it up. The "Corner" is now one of Hopland's most attractive business places and reflects credits on its enterprising proprietors.

Chamber of Commerce Activities

With the organization of a county body in this city last Monday the Chamber of Commerce has reached what may be very appropriately styled the acute boosting stage. Nothing now stands in the way of the county's having a worth while commercial organization except public indifference. This can be overcome only by a strong drive for both membership and interest, and this drive is to be inaugurated at once and kept going.

The meeting Monday evening was called to order by A. F. Moulton, vice-president of the Ukiah Chamber of Commerce, Mr. Moulton having consented to act as temporary chairman pending the election of permanent officers.

Robert Austin spoke briefly upon the purpose and necessity of a County Chamber of Commerce then presented the proposed constitution and by-laws. After some discussion a vote was taken and the constitution and by-laws were adopted as read.

Nominations of candidates for the office of president, four vice-presidents which were to be selected one each from supervisorial districts number one, three, four and five, and a treasurer, were then in order. Mr. A. F. Moulton was nominated for the office of president, duly seconded and then by motion the nominations for the office of president were closed. F. B. Cook was nominated for the office of vice-president from district No. 1. E. H. Roth was nominated for vice-president from district No. 3. Wm. S. Harmon was nominated for vice-president from district No. 4. N. P. Howe was placed in nomination for the office of vice-president from district No. 5. By motion the nominations for vice-presidents were closed. Louis Hofman was placed in nomination for the office of treasurer and by motion the nominations for the office of treasurer were closed. The secretary pro-tem was then instructed to cast a unanimous ballot for the candidates selected.

The question of a program of work was then placed before the meeting, and after considerable discussion it was decided that the first objective to be attained was a large representative membership. Everyone present pledged their support in this undertaking.

After an interesting exchange of ideas relative to Chamber of Commerce work the meeting adjourned.

The executive board met in Ukiah March 11th and was called to order by President A. F. Moulton. The following members were present: A. J. Fairbanks, F. W. Reynolds, W. H. Ross, E. H. Roth, Louis Hofman. The only business to come before the meeting was the appointment of a secretary for the Chamber. Robert Austin of Ukiah volunteered to undertake the duties of the office and to serve without compensation until the financial condition of the Chamber was stabilized. By unanimous vote Mr. Austin was appointed.

FORT BRAGG NEWS NOTES

REDWOOD VALLEY NEWS NOTES

REDWOOD VALLEY, March 16. The union school trustees were instructed at a mass meeting Sunday afternoon to call a bond election to decide whether the district should be bonded to the amount of $20,000 to build a new schoolhouse.

The mass meeting was a representative one. Prof. Irving Brazier, principal of the Ukiah high school, spoke on the educational value of a union school. Mr. Bergstrom, a Ukiah contractor, stated that he believed a reinforced concrete building of three or four rooms would cast from $15,000 to $25,000.

Superintendent of Schools Roy Good presented some interesting data in regard to raising the money for a school building. He distributed a sheet to every person present showing how much per year the tax of every resident would be on a $15,000 building.

Mr. Good also showed that 70 per cent of the taxes would be paid by non-resident land owners and only 30 per cent by the people of Redwood valley. On a $15,000 building the residents of the Union school district would pay $600 per year while the non-resident land owners would pay $1388.

Louis Heilmann is spraying his orchard with lime and sulphur. Mr. Heilmann has a first class power outfit and can spray his large orchards in a short time.

E. L. Tull and Joe Laforte have announced themselves as candidates for union school trustees at the election March 25.

Thomas Cherry and family have taken possession of the J. Evans place which they recently purchased.

Last Wednesday night a number of the friends of Fred Goudge gave him a surprise party. It was a "real surprise." A very enjoyable evening is reported. Thirty-eight were present.

Mrs. Sweet entertained the Thimble Bee last week and Mrs. Olson the preceding week. Mrs. Watson will entertain this week.

George King, the local "white leghorn magnate" is busy with his incubators.

Austin and Richards are setting out quite an acreage to grapes.

Fred Yates has fine looking field of grain.

The Redwood school is closed this week, owing to the prevalence of measles among the pupils.

He holds a position with the Albion Lumber Company. His bride is the daughter of Mr. and Mrs. E. Rounavaara until recently of Albion, but now residing at Philo. The many friends of the young people extend congratulations.

Mr. Hood is employed as a machinist by the Albion Lumber Company and is highly spoken of by those who know him; his bride-to-be is a very fine young woman of unusual attainments. The many friends of the young people will look forward to their wedding with much pleasure.

A complaint was sworn to before Justice of Peace C. M. Walker of Elk this week charging G. Bertoni, a local barber with assault with a deadly weapon, a 72-year-old rancher of this place, J. Y. Ferguson, being the complainant. Mr. Ferguson states that on Monday of this week he was sowing grain in one of his fields and on reaching the end of a furrow was surprised to find a shotgun pointed at him and held by Bertoni. The latter informed the old man that he had better leave the country. Ferguson could see no reason for his leaving and so stated. He alleged that Bertoni then jumped over the fence and producing a club made from a piece of hose or bicycle tire loaded with some heavy substance gave him an unmerciful beating.

AUTO GOES OFF GRADE NEAR HOPLAND SUNDAY

Gaston Sitetz and Ralph Tomasini of Santa Rosa were slightly injured when a large touring car belonging to R. W. Turner, of Petaluma, and driven by his son, Edmund, plunged over a 10-foot grade near Hopland Sunday. The top on the car was wrecked, the windshield smashed and the fenders and radiator were damaged.

The accident was caused, it is said by the wet and slippery condition of the road, which had been graded the day before.

After the car was righted it proceeded home on its own power.

JOHN PHILBRICK BUYS RANCH FROM FATHER

(Mendocino Beacon)

John Philbrick and his father, D. O. Philbrick, came in from Comptche Thursday and spent the day here. They came in to have the necessary papers made out whereby the former purchases from his father the well-known Philbrick ranch of some four hundred acres. Mr. John Philbrick has farmed the ranch for some years. Some time ago he purchased the Hopkins ranch of 200 acres, and the combined acreage gives him a large and very fine ranch. Much of the ranch is natural opening. It lies at a considerable elevation and commands a fine view of the Navarro river watershed with its thousands of acres of timber.

Mr. Philbrick Sr. is one of the pioneers of this section. In the early days he conducted a meat market here, but removed to the Comptche section and settled on the present ranch some forty-three years ago. He expects to make an extended visit with relatives in San Jose in the near future. Mr. Philbrick still owns 160 acres of timber land some distance from the ranch just sold.

J. E. Bell and wife and Ray Bell, of the Spy Rock section, were among the ranchers in town this week in connection with the Simmerly case.

Lumber Has Dropped

People are asking when lumber is coming down. We have figured on this subject very carefully and believe that it is now as low as it will ever be.

Freight and handling charges are now twice as high as before the raise. These items will not be reduced. Wages are not going to be reduced very much more. How can the price be reduced under the conditions?

Shingles have declined 20 per cent. Lumber has declined from 15 to 30 per cent. The greatest drop is in the lowest grades.

We are this week offering some well seasoned pine, a little off grade and not quite up to standard mill work at as low as $30.00 per thousand.

All regular grades have been reduced as much as we are able to cut. Yard prices for small lots are a little higher than house lots where we are given the opportunity to figure on the entire job including mill work.

Come and ask about it.

Anderson-Enright Wedding

Miss Ida Anderson and Raymond Enright were married in this city last Saturday evening by Dr. Moore, of the Methodist Church, South, at a quiet ceremony witnessed only by Mr. and Mrs. H. C. Thurston, intimate friends of the bride and groom. The ceremony was performed at the parsonage. Immediately following the wedding the couple departed for the city by motor, returning to Ukiah Monday. They have taken up their residence in the former Watson cottage near the high school, which Mr. Enright has purchased, and which he has fitted up cozily for their home.

Both Mr. and Mrs. Enright will come in for many felicitations, for the number of their friends is legion. The bride is the daughter of Mr. and Mrs. Robert Anderson. She is a charming and vivacious girl, and is held in the highest esteem by all who know her. Mr. Enright has resided here for several years, and, like his bride, enjoys the friendship of a multitude of friends and acquaintances. The Dispatch-Democrat joins in good wishes.

Parent-Teachers' Association Met Last Friday

The Parent-Teachers' Association met last Friday afternoon with a very large attendance. About seventy parents responded to their childrens' appeal to be present. The first grade's representation was twenty-three and it was awarded the banner which will be held until the next meeting, March 25.

Mrs. Gibson gave a favorable report on the finances relative to the extra teacher's salary. Mrs. Eversole is now handling a class of thirty pupils.

The program consisted of two sweet little motion songs, "Swing Song," and "Whip-poor-will," delightfully rendered by children from the primary grades. Mrs. Tadlock read a very good article on the criticism of the general tone of the present day moving pictures. Mrs. Hatfield's niece from Los Angeles gave two pleasing recitations.

Baptist Young People at Work

The monthly business meeting of this representative body of the church met on last Tuesday evening. Interesting reports from the different departments showed each one to be actively engaged in some specific work, no longer satisfied with purely perfunctory duties, but seeking something that will mark their spiritual progress, as well as to supply really "worth while" church activities.

At the conclusion of the business meeting the usual "good time and get-together meeting was held, with a goodly number of invited guests. Games, music and conversation made the evening pass all too soon. Refreshments of sandwiches and chocolate were served. On Sunday, the 5th inst., the young people to the number of twenty-three, motored to Willits, where they were the guests of the B. Y. P. U. of that place, afterwards remaining for church.

On next Friday evening the society will be entertained at the surburban home of Mr. and Mrs. Greene.

Missionary Circle Meet

The Baptist Missionary Circle convened in regular session on the second Tuesday of the month, in the parlors of the church, and seldom has there been a meeting fraught with so much pleasure and interest. The large room downstairs, used during the program and business hour, was charmingly decorated with quantities of brilliant spring flowers, while upstairs, the social room, used in this instance for a refreshment room, was gorgeous in its array of brilliant blossoms. On the long table extending the entire length of the room, were large bowls containing great masses of wild golden mustard blossoms, and elsewhere in the room were profusions of japonica and fruit blossoms. If it be true, that beauty of scene and surrounding lends inspiration, this, in part, explains the unqualified success of the meeting. The live business meeting, and well-arranged program, was presided over by Mrs. George Ward, who chose for her subject, "China, Her Needs, and What Are Her Demands Upon Us?" Instructive papers on the subject by Mrs. Chas. Ward, Mrs. Nita Martin, Mrs. R. Grant, and others, were read, noting the changing customs of that people, also their desire for better conditions. A beautiful duet was sung by Mrs. L. Allenby and Mrs. George Ward, and Mrs. Mary Orr gave a reading, in her usual charming and impressive manner. The tea service was presided over by Mrs. M. McKesson and Mrs. Ed. Layman, who were hostesses to the society on this occasion and to whom much of the pleasure of the afternoon was due.

Mrs. Emma Donohoe will entertain the society at its next meeting.

Cultus Club Meeting

The Cultus Club met last Tuesday evening with Mrs. Hale McCowen, Sr., at her home on Clay street. Yellow furnished the color scheme for the decorations, which were of spring blossoms. A farce, "How the Story Grew," was enacted by Miss Perry, Miss Conrad, Miss Connolly, Miss Clow, Miss Holland, Mrs. Neil Anker and Mrs. Phillip Joseph. Two piano sols by Miss Clow added to the enjoyment of the afternoon. Delicious refreshments were served.

Already, according to Mrs. Burrey, cooperation has been pledged heartily by the teachers and children of the outlying school districts, as well as those of Ukiah.
